PROFESSIONAL SUMMARY

Senior Software Test Engineer | 11+ Years in Automation & Functional Testing

Career-shifter with **11+ years of expertise** in designing and maintaining automation frameworks (Cypress, Python, Robot Framework) for web applications. Proficient in end-to-end STLC, CI/CD pipelines (Jenkins, Azure DevOps), and collaborative Agile workflows.

TECHNICAL SKILLS

Automation Tools:

Cypress (JavaScript/TypeScript) | Python | Robot Framework | Selenium

Testing Expertise:

Functional Testing | Regression Testing | Exploratory Testing | STLC | Bug Lifecycle Management

CI/CD & DevOps:

Jenkins | Azure DevOps | Git | AWS | Configuration Management

Certifications:

ISTQB Certified Tester (CTFL)

WORK EXPERIENCE

Consultant III – Sr Test Analyst

Myridius (formerly RCG IT Philippines, Inc.) | Jan 2021 – Present

- Developed and maintained **Cypress (TypeScript)** automation suites for web applications, streamlining regression testing processes.
- Worked with **Azure DevOps CI/CD pipelines**, analyzing regression run failures and improving automation codes (when needed).
- Functional tests for web applications.
- Collaborated with developers and BAs to refine test cases, aligning testing priorities with business requirements.

Consultant – QA Engineer

ProSpark | *Sep 2020 – Jan 2021*

- Automated **sanity tests** using **Robot Framework** to boost manual testing efforts.
- Monitored performance/load tests for web and mobile apps, ensuring scalability and stability.

QA Engineer

24/7 Customer Philippines, Inc. | *Oct 2015 – Apr 2019*

- Served as **sole QA lead** for Agile team of 16 + members, overseeing end-to-end testing for multiple web apps.
- Mentored junior tester in best practices, enhancing team efficiency and test coverage

Associate Quality Engineer

Misys Philippines, Inc. | *Jul 2013 – Sep 2015*

- Configured **Jenkins CI/CD pipelines** to automate test suite execution, optimizing environment setup processes.
- Maintained AWS cloud test servers to support uninterrupted testing phases.

Property & Supply Management Assistant

Clark International Airport Corporation | *May 2005 – Jul 2012*

- Streamlined inventory reporting processes to reduce annual audit readiness.

EDUCATION & CERTIFICATIONS

- **ISTQB Certified Tester – Foundation Level (CTFL)** | 2014
- **Certificate in IT (Applications Development)** | UP-ITDC | 2012
- **BS in Business Management** | UP Extension Program in Pampanga | 2003
